THE CRYPTO ASSETS REGULATION & COMPLIANCE CONFERENCE

RETURNS FOR THE 3RD INSTALMENT

Since its inception 3 years ago, the **Crypto Assets Regulation & Compliance Conference** proved to be a very successful event with over 400 delegates attending the first two editions.

As the crypto-asset industry continues to evolve, regulatory compliance, risk management and transparency remain key priorities. In South Africa, the implementation of the Crypto-Asset Reporting Framework (CARF) and proposed new rules governing cross-border crypto-asset transactions are creating important new compliance considerations for businesses, financial institutions and crypto-asset service providers.

These developments raise critical questions around exchange controls, transaction reporting, international transfers and the responsibilities of authorised service providers.

All the above issues amongst others will be addressed at the **Crypto Assets Regulation & Compliance Conferences 2027**
The event is taking place on **10 & 11 March 2027** in Johannesburg.

This follows in the footsteps of the 2026 and 2025 Crypto Assets Regulation & Compliance Conferences which proved to be very successful events with over 400 delegates attending the first two editions.

With excellent feedback received, the event is back on the calendar in 2027.

The programme will cover issues such as: South African crypto- asset regulation and compliance landscape, risk management and compliance in crypto, anti-money laundering, fraud and cyber security, cross-border payments, stablecoins and exchange control, developments in the adoption of crypto services by banks and non-bank financial institutions, crypto and technology.

As South Africa continues to navigate the evolving digital asset landscape, this conference provides a timely platform for key stakeholders—regulators, financial institutions, legal experts, fintechs and crypto assets service providers—to engage on the latest regulatory developments, compliance strategies, and emerging risks & opportunities in the crypto space.

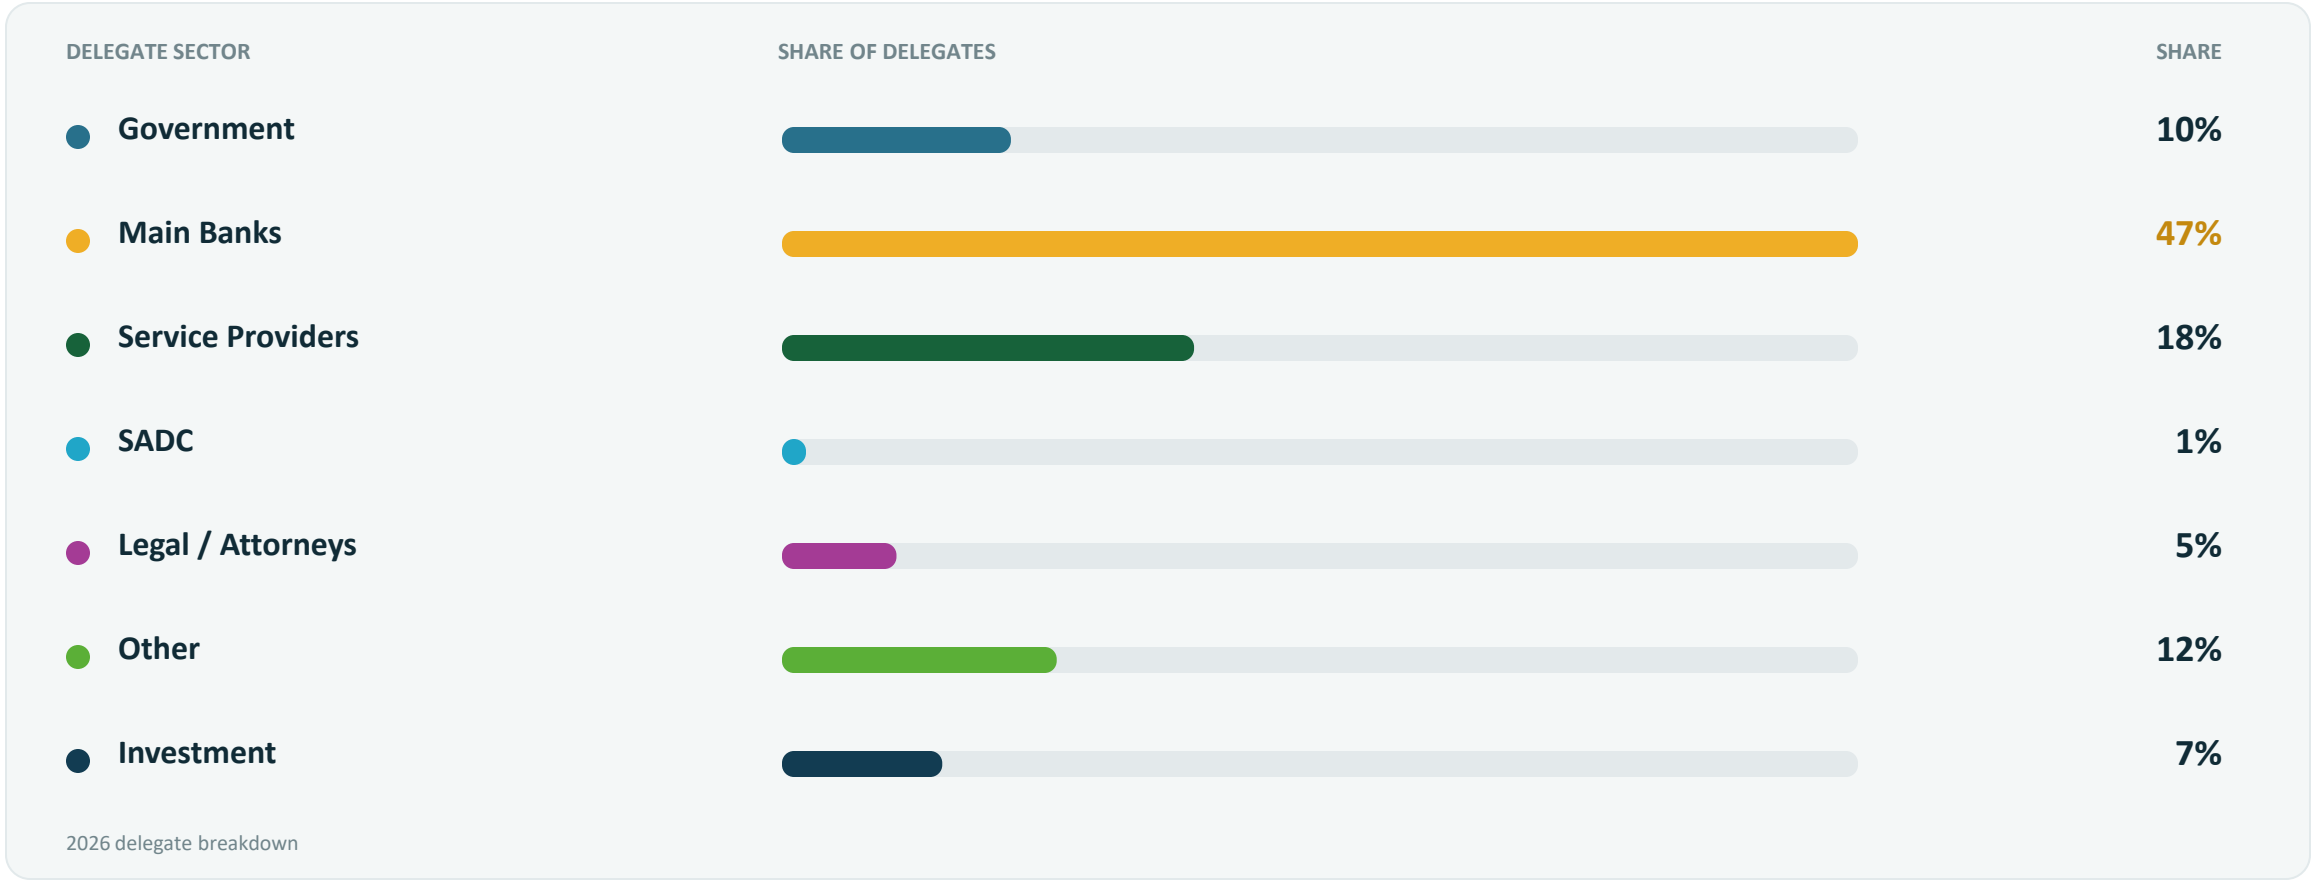

Sponsoring the Crypto Assets Regulation & Compliance Conference 2027 offers crypto-asset service providers (CASPs) and technology companies an opportunity to enhance brand visibility, strengthen their industry reputation, generate high-quality business leads, and establish strategic partnerships.

Don’t miss the opportunity to be part of this pivotal industry event — we welcome all sponsors to join us at the event.

DELEGATE FEEDBACK HIGHLIGHTS

Comments from the 2025 and 2026 Crypto Assets Regulation & Compliance conferences

"A well-timed event within the crypto industry. Having the private and public sectors in one room, presenting and asking relevant questions was encouraging and positive for the industry. One golden thread was that education and public awareness remain at the forefront, and conferences like this help bridge that gap. The speakers were top class, with the audience interacting and creating great dialogue. Looking forward to the next one and growing together. Well done!"

LEOPOLDT JANSEN VAN VUUREN | PROVENANCE

"I am so impressed with TCI. The event has exceeded all of our expectations. This is 100% the most well-organised, well-executed event that we have ever personally sponsored. The best turnout and the highest-level contacts we have ever interacted with. Huge congratulations to the TCI team and everyone who participated and engaged. We're growing this industry. Let's go!"

JORDAN SWEKE | SA AMBASSADOR, BYBIT

"The conference was absolutely worth it to attend."

PROF ANGELA ITZIKOWITZ

"Thank you for an amazing and insightful conference. It was truly knowledge-enriching, and we are so happy we attended."

SANDI ISAACS | FNB NAMIBIA

"I liked the professionalism displayed by the organisers. The agenda was kept on time, with a great scope of speakers and open, honest discussions."

JJ NEL | STANDARD BANK
